COL783 Assignment 2 Report

Manu Mitraan *2015CS10236*
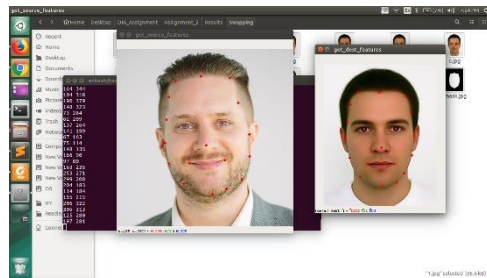

Ankesh Gupta *2015CS10435*

Part : 1 Face Morphing

## Case : 2 Face Swapping
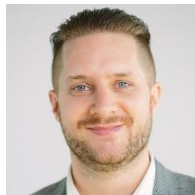

Point selection:

Mask used   Input images   Output Image

Case : 3 Snapchat Filters

Used haarcascade face detection classifier to detect face position in the image. Then inserted the templates into the appropriate position on the face using suitable displacements.
